From Improvement Grants for Bangalore District, for 1948-49
I have the honour to enclose herein ^a statement in duplicate
~~one~~ relating to the town improvement and ~~water supply~~ water supply
grants, and to request you kindly to obtain orders of Government
for the sanction of the grants to the several municipalities in the
District.

In this connection, every endeavour is made by the several municipalities in the District to improve their ^{own} finances and utilise the grant for the purpose intended.

Further I have to state that during 1947-48 except a sum of Rs. 3120/- grant, to Chosepet Municipality towards improvement of water supply at Balagudi ^{only}, no grants were ~~sanctioned~~ sanctioned either for town improvement or water supply.

In addition to the information furnished in the statements, I will collect further details, if any required by you and furnish them.

In view of the limited resources of the municipalities and monthly expenditure like the increase of pay of the employees, and of the additional staff to be employed in the municipal high schools due to opening of additional classes, the municipalities have been practically helpless and without sufficient Government support such progress of town improvement programmes in the municipality cannot be expected.

request therefore, that Government may kindly be pleased sanction the grants at an early date.

I have the honour to be
Your most obedient servant,

Deputy Commissioner,
Bangalore District.
